

Facility User Name: _____

Supervising Ag Teacher Name: _____

**District Agricultural Project Facilities:
Livestock Project Management Tracking System**

Facility users are responsible for the care of their livestock project(s) on a daily basis. Supervising agriculture teachers will conduct random inspections of the facility and provide students with a report of their earned points near the end of the project period. Six inspections will determine the final point values. All facility users will begin a livestock project with 100 points; students who do not maintain at least 70 points at the conclusion of the project period will not be permitted to use the facility for another livestock project. Violation notices will be provided to students, in writing, within 48 hours of the noted violation.

20 point deduction for each Facility clean-up/work day missed, 5 point deduction for all other violations as noted below

Inspections (Teacher: detail the violation in the comment section)

Livestock SAE Management Tasks and Facility Use Practices	1	2	3	4	5	6
Pen cleanliness Comments:						
Animal care Comments:						
Facility and equipment use/maintenance Comments:						
Facility clean-up/work days Comments:						
Project close-out Comments:						
Total Violation Points Deducted						

Three violations require a student/parent/principal meeting. Refer to the "Written Notice of Violation" form for additional information.
Violations related to animal and/or facility user safety may result in more immediate consequences up to immediate loss of facility use privileges.
